

Switching made simple!
Set up your pre-authorized payments with ease using our tracking tool

Using Manulife One for your everyday banking can simplify your finances. A great way to start streamlining your banking activities is to set up your bill payments and pre-authorized payments to come from your new account.

Our pre-authorized payment tracker can give you a head start, providing an easy way for you to stay organized as you begin using your new Manulife One account. By filling out the tracker, you'll be well prepared when you set up your payments.

To set up your automatic pre-authorized payments, contact the appropriate company and ask them to change your payment information.

Company name	Account number	Payment amount	Payment date	Date company was contacted	Date request was completed
